PRESS RELEASE

## Kakosi Launches 2-Minute Mousse JUST-IN-TIME for SFFS17

With less than a week to go before the Summer Fancy Food Show, Kakosi officially launches this unique new product, 2-Minute Mousse. “Your guest will think it took hours to prepare, and it literally takes minutes. Serve it in a martini glass with some raspberries and a cookie, and you’ve got a 5-star desert.” said JoAnne Breau, mother of two and entertainer extraordinaire.

“Stop by booth #6146 to see a demo, but be on time or you’ll miss it!” said Spencer Dunbar with a smile. “The demo will only last a couple of minutes.” Spencer is the son of proprietor, Andrew Dunbar, and will be manning the booth along with his cousin, Finn Scott.

This is a simple and delicious mousse made from the best organic ingredients, and just takes minutes to whip up. It is available in a 7 ounce, 8-10 serving size, and soon will be available in a 3.5 ounce, 4-5 serving size. It is a truly unique product.

Stop by to see when the next demo will take place, and talk to the Kakosi folks. There will be samples of Kakosi Nibbles, which are dark chocolate covered cacao nibs. Pick up a catalog, show specials, and the booklet, *A Guide to Cacao Nibs*. Leave a business card for a chance to win one of the many baseball caps with the Kakosi logo.
